

Jack Sheldrake

Level 3 Business Administration Apprenticeship in the Buckinghamshire Council Transport Strategy team.

Why the apprenticeship route?

I chose to do an apprenticeship as I wanted to gain real life work experience whilst still learning. It provides the best opportunities to develop myself and skills for the world of work.

Why transport?

I enjoy working in an area which positively contributes to things I use in my day to day life. In my personal life I enjoy using the e-scooters which are currently being trialled in Buckinghamshire, my work helps to support the trials whilst seeking to improve them.

What have you gained from your apprenticeship?

I started my apprenticeship straight from finishing school and I have learned a lot about working life. I have developed knowledge, experience and skills and enjoy being a part of a workforce where I am surrounded by a diverse range of people.
